From The Teacher:

We had a very busy week last week, preparing for mass, enjoying a visit from the Holy Land teachers, and celebrating our hard work at the Magazine Drive assembly. Unfortunately, this caused us to fall a bit behind in our studies. We will have to work hard on this short week to catch up. Looking ahead, at the end of the month we will be doing "Pumpkin Math," where we will be using pumpkins to practice our math skills. We will need about five medium sized pumpkins for this activity. If you are able to donate a pumpkin for this activity please email me as soon as possible. If you haven't already, please be sure to send in the green pre-conference form with your child prior to our conference date. I look forward to meeting with all of you this week!

Star of the Week:

No Star of the Week this Week
