March is poetry month! Visit Poet Kenn Nesbitt's website to dive into some great poetry or try writing your own! #

Notes from Miss Waldbillig:

I am happy to report that our class is almost finished with their Writing Sample. While I was unable to help them directly with this process, I have to admit, I snuck a few peeks today and was very happy with the work our class has done. I am very excited to see how the last few end up! Unfortunately the writing sample has interfered with our plans a bit, and we had to regroup several times last week. I thank everyone for their flexibility.

This week, we should be back to a normal schedule. Our class will near the end of Math Unit 6 this week and prepare for a test next week (TBA). We'll continue to practice our cursive writing, and begin using it more in class. It's going to be another busy week in 3rd grade! Have a good week!

Star of the Week

There is no Star of the Week this week.
